

Farm Performance Assessment

About Agrista

The Agrista team are located in Wagga Wagga, southern NSW. They have over 25 years' experience in analysing and interpreting benchmarking results.

We have heavily invested in delivering a consistent methodology that is widely accepted as the industry standard for reporting measurements that matter.

Agrista offers a number of services aimed at improving farm profitability and growing wealth.

"In the ongoing search for growth, it's important to understand exactly what the targets are when pushing productivity and profitability. Our work with Agrista facilitated a thorough planning and evaluation of our farm system. By using actual farm performance and benchmark data it enabled us to have robust discussions and model scenarios for improved outcomes. The experienced Agrista team has given us confidence in the path forward and we consider our ongoing work with them a sensible and valuable investment."

The Locke Family,
"Fairview" Holbrook NSW

BASE

The farm performance assessment is the starting point that allows Agrista consultants to understand the business, enterprises and systems. The KPI's used give a quantifiable measure of the business's performance.

DEVELOP

The team at Agrista is available to assist you with entering your farm data into the supplied input. This can be arranged face to face or via video call.

LEARN

After receiving the Farm Performance report there is an additional option to have one of the Agrista team members to provide an interpretation of your report.

GROW

The Agrista team have over 15 years' experience in analysing and interpreting results. We offer a 1 day consultation to analyse and provide recommendations.
